

## CO<sub>2</sub>-Resistant Long life Oxygen gas sensor

### Features

- High performance with long-term stability [Fig 1]
- Unaffected by CO<sub>2</sub>
- Low cost

### Specifications

Principle	Galvanic cell type gas sensor
Model	OC-5A
Detectable gas	Oxygen
Detection range	0~25%
Operating temperature	-10°C~40°C
Deterioration by CO <sub>2</sub>	None
Expected life	More than 2 years
